ANS Correspondence Crane, George F. 1923

May 25th, 1923.

Mr. George F. Crane,
187 Fulton Street,
New York.

Dear Sir:

Today I returned after a few days absence in the country, and find yours of the 21st awaiting me.

The continental note for 2d. which the letter contained is a very welcome addition to our collection. Although the Society owns a very representative collection of the Continental paper money, we still lack a good many of the lesser varieties of the lower denominations. We would therefore appreciate your generosity very much indeed if you would also, as you suggest, send us similar pieces issued by the Town of Elizabeth, New Jersey.

Thanking you many times for your gift, I remain,

Yours very truly,

President.
